Explain short (2-3 sentences) why you choose above university, e.g. why do you want to go abroad and study at the partner university? What do they offer that is interesting for you and what is your goal for the exchange?

The University of Ontario Institute of Technology offers a distinctive educational experience with a focus on technology, innovation, and research. The university's location in Ontario, Canada, further provides students with access to a diverse and dynamic professional landscape. English as main language is important to me as biotechnology is a massive field worldwide.
